Slide 1 - Title

Sunset Bay Resort - 2026 Marketing Plan Subtitle: Growing direct bookings for our fictional beachfront resort
Presenter: Marketing Team | August 2026

Slide 2 - Where We Are Today

- Google Ads is our strongest channel, returning around S\$10 for every S\$1 spent.
- Facebook Ads spend keeps rising, but bookings have flattened since March.
- Guests love the sea-view rooms and the weekend brunch - our best review themes.

Slide 3 - Our 2026 Goals

- Grow direct website bookings by 20% over the year.
- Shift budget toward the channels with the best return.
- Launch a simple loyalty offer for repeat guests.

Slide 4 - How We Get There

- Increase Google Ads budget gradually and track cost per booking each month.
- Reduce Facebook Ads spend and test one new channel (email offers to past guests).
- Use guest review themes to write warmer, more specific ad copy.

Slide 5 - Summary

- Focus spend where returns are highest.
- Cut what is flattening; test one new idea.
- Target: +20% direct bookings by end of 2026.
- One owner reviews the numbers every month.
